Universal mechanism. The older doctrine, here called universal mechanism, is the ancient philosophies closely linked with materialism and reductionism, especially that of the atomists and to a large extent, stoic physics. They held that the universe is reducible to completely mechanical principles—that is, the motion and collision of matter. Later mechanists believed the achievements of the ...

My New Project: On Doubt. I didn't post new content here since 2015: life happened. This summer though, I set up a new project: On Doubt. Where Beyond Mimesis offered in-depth painting analyses, On Doubt publishes video portraits with creators from all fields. Since June, I met over twenty creative minds already, amongst them a neurosurgeon, painters, a character artist, an AI specialist etc.

God, His Nature and Relation To The Universe A. A. Hodge (1823-1886). Three questions obviously lie at the foundation, not only of all man's religious knowledge, but of every possible form of knowledge: . Is there a God? What is God? What is God's relation to the universe? And if he does sustain a relation to the universe which is in any degree intelligible to us, a fourth question emerges:
