Fias Co Farm- Kidding: Birthing & post birth information

Childbirth, also known as labour and delivery, is the ending of a pregnancy by one or more babies leaving a woman's uterus by vaginal passage or Caesarean section. In 2015, there were about 135 million births globally. About 15 million were born before 37 weeks of gestation, while between 3 and 12% were born after 42 weeks. In the developed world most deliveries occur in hospitals, while in ...

Kim, If you receive this please cut and paste your question into an e-mail and send it to me at SquirrelNutrition@Yahoo.com. The short answer to your question is that if you still have these three squirrels together and one is pregnant, you will need to separate out the male for sure because if she gives birth he will cannibalize the babies so that it will throw her back into heat so that he ...

goatwisdom. Deliveries 1205 4/18/01 Introduction [Delivery pictures from Harry Tate, used by permission] This is the section that makes it really apparent that the title of the web site goatwisdom is a tongue-in-cheek thing. There is certainly nothing more humbling than to have a failure at birthing.

I have to admit, I didn't realise cats came into call again when they were nursing - was thinking about us humans Definitely follow midori's advice and don't let her out until she's been spayed - she's probably climbing the walls because she's come into call again.

When can a mum cat go outside again after birthing?

Some say that the crunchy mamas of the world are crazy for not wanting an epidural during birth. Who wants to feel needless pain? (Not me!) But for most of us, it's not about the pain. It's about avoiding the epidural side effects.
