TANSACS and Tamil Nadu State Blood Transfusion Council jointly work for the promotion of Voluntary blood donation and ensure the availability of safe and quality blood, accessible to the needy

### **Online Blood Bank Management System | TANSACS**

A blood bank is a center where blood gathered as a result of blood donation is stored and preserved for later use in blood transfusion. The term "blood bank" typically refers to a division of a hospital where the storage of blood product occurs and where proper testing is performed (to reduce the risk of transfusion related adverse events).
